

Investigative Committee to the Fire Training Center

June 20th, 2024, held at the Fort Piqua Plaza 4th floor. 5:30PM start time.

Members present:

Nancy Roof

Joseph Thompson

Jerica Drapp

David Roth

Jim Roth

There were no June 6th minutes as breakout sessions were held at the Piqua Public Library.

Committee members discussed how they felt about the breakout sessions. Most felt that they were more comfortable with meeting people in private in closed rooms.

Less background noise from others talking when the committee was meeting as a group.

David will be sending some documents after he has had a chance to scan them.

The committee discussed and shared ideas how they see the final report would be presented in writing.

- † How it all started
- † Timeline of events
- † Recommendations on future

All agreed that our timeline to finish this and present report is important to the public and commission and we must focus on getting all information in.

Need to begin writing the report with information we have on hand and can always return to edit.

Agreed to meet with Hampshire's on any given day of the week.

Still will post that anyone wishing to meet with several committee members in private can be done.

Questions were put together and sent out in hopes to get answers about several areas of concern. Waiting several weeks to hear back before checking on these.

Heard that commission meeting agendas are cataloged and located in commissioner meeting room up to 2021. As of 2022 all agendas and minutes located on city web site and can be pulled up for review.

Motion to adjourn:

Joe Thompson

Second David Roth

All Aye

Next scheduled meeting of the committee will be held June 27th, 2024 at the Piqua Plaza 4th floor at 5:30pm.

Submitted minutes by Jim Roth
